

Strathclyde Engineering Scholars

We are recruiting Industry Mentors

Are you a professional engineer or architect?

Can you spare a couple of hours a month to help students from under represented groups get the most from engineering and architecture education and progress to successful engineering and architecture careers?

Royal Academy of Engineering

Strathclyde Engineering Scholars

is a program which aims to positively impact the diversity of people studying engineering at university. Ultimately, this will help ensure that the engineering profession is representative of the diversity that exists in society.

All Engineering disciplines are welcome.

You can help students from under represented groups achieve their maximum potential by participating in one of the following **Strathclyde Engineering Scholars** activities:

- Sharing your experiences and insights with small groups of students.
- Help create exciting case studies.
- Contribute to fun engineering and architectural focused events.

Activities will take place between **October 2022 and June 2023**.

Sign up for an information event:

- **University Campus** – 28th September at 5.15pm
James Weir Building, University of Strathclyde
- **Online event (40 mins)** – 29th September at 12.30pm

Sign up at: <https://forms.office.com/r/w0rK6QEGTq>

Can't attend? Email any enquiries you may have to:
eng-scholars@strath.ac.uk

Already decided that you want to be a mentor?
